

Nisqually Indian Tribe

**SCAM
ALERT**

It was brought to our attention yesterday that a gentleman named Isaiah from “TriGuard Pest Control LLC” stopped by Financial Services requesting our banking information regarding payment for services provided to tribal members.

“Isaiah” was going from house to house, had tribal member email addresses and phone numbers, and was soliciting services on the reservation.

Financial Services provided NO information, we they reached out to the Housing Department and they were NOT aware and

DID NOT request these services from this individual or company.

This person was apparently focused on the vulnerable members of the Nisqually Community.

The individual was given NO information and told none would be coming. He left and we will work with Security to have his photo pulled and provide it when available, to keep our community safe (including Redwind Casino and MCEC).
